

## SUBDIVISION APPLICATION PROCESS

1. The owner or agent, authorized in writing by the owner, is required to file an application in the Department of Planning and Development, 3200 Brown Street, Little Rock, Arkansas 72204; 501-340-8260. The following documents are to be submitted at the time of filing:
  - (a) Fifteen (15) copies of the preliminary/final plat, **folded to legal size**, certified by a Registered Surveyor and/or Engineer, showing the legal description and acreage, the appropriate certificates and conforming to other requirements as indicated in the Subdivision and Development Code.
  - (b) A cover letter detailing the proposal, its purpose, and requesting desired variance(s).  
Justification for variances from the Subdivision and Development Code must be included.
  - (c) A copy of the proposed Bill of Assurance for the property.
  - (d) A completed checklist certifying that the required items are included.
2. Payment of filing fee is required.
3. If a variance from the standards of the Subdivision and Development Code is requested, notice is to be provided in the following described manner: Written notice to all owners of unplatted and platted tracts abutting the proposed subdivision including across a street right-of-way as described in Section 1.9D.
4. Applicants or their agents are required to attend the Public Hearing. The exact date and time should be confirmed with the staff.
5. All items for filing must be submitted no later than the published docket closing date. Incomplete or inadequate filings will not be placed on the agenda.
6. Staff advice on how to prepare an application does not constitute a recommendation of approval of an application. Staff recommendations are based on field inspections, plans for the area, reports from other departments, and other information.
7. Noncompliance with the above may cause your application to be deferred or withheld from further consideration. It is the applicant's responsibility to comply with the relevant regulations and instructions.
8. Please do not hesitate to contact staff if you have questions about the process (501-340-8260).
